

ENABLE SWITCH: 3 POSITIONS-LARGE

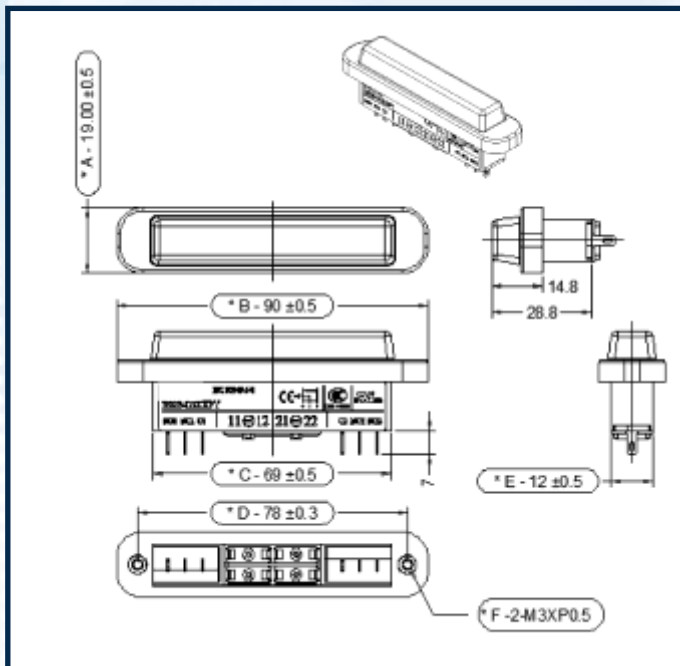

Image for illustration only

P/N: SBD-2242-S000

MECHANICAL SPECIFICATIONS:

Function: 3 position.
Number of poles: 2
Life cycles: 1,000,000
Operator strength: 250N Min.

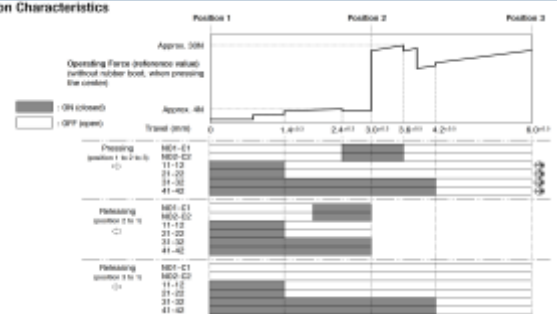

ENVIRONMENTAL SPECIFICATIONS:

Temperature range: -25/+60 °C.
Shock resistance: 1 50 m/s²
Water & Dust protection: IP-65.

ELECTRICAL SPECIFICATIONS:

Resistive rating: 1A/30VDC.
Insulation resistance: 100 MΩ minimum (500V DC megger).
Short circuit current: 50A (250VAC).
Life cycles at full load: 100,000

Operation Characteristics

Options & information:

Rubber Boot Material: Silicon Rubber Color: B: black Y: yellow . NBR/PVC Polyblend Color: gray

Terminals: Bottom view
